Sharan Kshatriya. S

Student

I AM a motivated and passionate student pursuing a bachelor's degree in Artificial Intelligence and Machine Learning (AIML). With a deep interest in the transformative potential of AI, I committed to understanding the core principles of machine learning, deep learning, and data science. Through coursework, hands-on projects, and continuous learning, and strives to build a solid foundation in these technologies and stay updated with the latest advancements. Eager to apply theoretical knowledge to real-world problems, I am determined to contribute to the growing field of AI and make a meaningful impact in the world of technology.
